OPERATIONS ATTACHMENT

PANAMA BUREAU MONTHLY REPORT SEPTEMBER 1981

1. (Clandestine) Radio 15 September in Spanish to Nicaragua continues to be plagued with reception problems. It is now mostly unheard, and on the few occasions it is heard, heavy and persistent jamming usually precludes effective monitoring.

2. (Clandestine) Radio Free Cuba in Spanish to Cuba resumed normal broadcasts during September, carrying its usual program twice a week.

3. After just a few weeks on coverage, [redacted] STAT apparently changed its morning and afternoon transmissions to satellite. The only remaining cast is transmitted at 2300-2330 GMT Mon.-Sat. STAT

4. Managua International Service returned to the air on 8 September with a revised program schedule, which was compiled and filed.

5. The Guatemala City Domestic Service 2030-2100 GMT afternoon newscast was sampled for a week. The cast did not merit permanent coverage but was listed as a possible alternate for the 1500-1530 GMT morning cast.

6. The following cruising observations were made:

a. San Salvador Domestic Service has been observed broadcasting in parallel on 5980 - 9552 khz and carrying a 15-min network newscast every hour on the hour.

b. Guatemala City Domestic Service has been observed broadcasting in parallel on 640 and 1000 khz.

c. An updated program schedule was submitted for Chitre Radio Reforma (Panama).
